

Annual RFO Report 2025-26

The PC's account remain with a healthy balance in reserves after increasing the annual precept, with no known expenditure expected.

The Insurers of the vehicle that damaged the brick pillar to the west of Bickerton on the B1224 which was rebuilt has still not paid the PC's excess of £250 on the Insurance Policy and continues to be pursued for the funds.

The continued use of the existing laptop with an open source operating system has proved satisfactory for the Parish Council work.
